

Declaration concerning REACH conformity (1907/2006/EG)

Bibus Metals AG is a distributor respectively a downstream user in the sense of the EU REACH regulation. Bibus Metals AG obtains its products from upstream suppliers that follow through with their registration in accordance with the REACH regulations.

Our products are alloys that are defined as preparations or mixtures and that will not require registration.

Our upstream suppliers have confirmed, that the products sold to Bibus Metals AG do not contain any significant quantities of Substances of Very High Concern (SVHC) according to the latest updated REACH candidate list, according to the following LINK:

<http://echa.europa.eu/web/guest/candidate-list-table>

Therefore, our products are considered REACH compliant.

BIBUS METALS AG will comply with any future information obligations regarding new substances of very high concern that may be included in the candidate list.

If you have further questions about the REACH conformity of our products, we kindly ask you to contact your usual contact partner or write directly to REACH@bibus.ch
